		1963-	Earl L. Holden

SELECTMEN'S REPORT 1965

The Board of Selectmen organized in 1965 with Earl L. Holden as Chairman of the Board of Selectmen and Public Welfare and Veteran's Agent, with James B. Lanagan, clerk and Walter Silveira.

"Free Cash" or available funds certified by the Department of Corporations and Taxation was \$189,832.38 as of January 1, 1966. State reimbursements due to Fairhaven in numerous categories continues to be delinquent.

Vigorous efforts were made during the year to induce existing business to expand and improve, and in addition, an all out quest for new business and light industry was a prime goal. The fruits of these endeavors are becoming more apparent with each passing week. All existing waterfront businesses have increased payrolls, employment and several have added to their physical plants. Fairhaven Marine, Inc. has taken over Pierce and Kilburn shipyard and plans are underway for a \$250,000. expansion program with the work force being doubled and possibly tripled. Several others have plans for new buildings in the spring of 1966.

The Skipper Restaurant has plans for a new 80-unit motel, First National Stores built an addition, People's Super Market built a new store on Route 6, and action by several other firms call for expansion and new buildings in a very promising 1966.

The Board of Selectmen, with a very energetic Economic Opportunity Committee, secured \$10,000. in federal funds for a successful Operation Headstart program. Plans are currently underway for a continuation of Headstart in 1966. In addition, \$45,000. in federal funds were secured for a Neighborhood Youth Corps program for school dropouts and potential dropouts, and a Community Action Program is currently on file for consideration. \$42,500. has been authorized for a library addition.

Road rebuilding, reshaping, resurfacing, drainage, curbing and many other improvements have been accomplished by the Highway Department. Chapter 90 work on Howland Road has been completed and plans are underway for a completion of Alden Road widening and resurfacing.

The plans for a continuation of Route 195 (relocated Route 6) through Fairhaven, with its attendant problems, have necessitated countless hours of conferences, meetings and discussions. Plans currently call for the road coming into Fairhaven within the next 2 years. The Board of Selectmen has always strived to have the highway project completed through and beyond Fairhaven to eliminate the many problems that would come if done in shorter stages.

In addition, equally strong efforts have been made to convince state officials of the critical traffic problems currently faced on Route 6 and requests have been made for traffic lights, safety crossing devices, ramps, overpasses, and re-designing of certain areas in order to provide safer crossings for our school children and pedestrians, as well as vehicular traffic.

The moving of the Rogers Memorial Monument is still scheduled for 1966, mainly through the efforts of Rep. William Q. MacLean to have the state pay all costs.

The Hurricane Dike project is near completion and a re-design of an approach ramp was effected in cooperation with the Corps of Engineers at no cost to the town.

Fort Phoenix Beach continues to improve because of our representative's action on the state level and the parking lot at the Fort was black-topped.

The \$16,000 harbor dredging project was completed with the town paying 25% of the cost.

A sewerage treatment plant site was taken by the town. Three pumping station sites will be considered at the March, 1966 town meeting and action will be taken for federal funds.

Selectmen have cooperated with New Bedford and area towns in efforts to secure federal funds for studies of a long range Southeastern Massachusetts Regional Water Development plan. Meetings and studies have been underway with Selectmen of neighborhood towns regarding similar actions for a water district study for the immediate area. Local plans are currently in progress for development of Fairhaven's own water distribution with plans for

additional lines, standpipe and appurtenances. Additionally, the Fairhaven Water Company has verbally agreed to build a pumping station at its Mattapoissett River Valley site. Further action is under consideration to have legislation passed to allow the town to acquire the Water Company.

The dump area and dump supervision have been greatly improved.

The Police Department continues to provide the excellent protection and service our residents expect and deserve.

The Fire Department, under the leadership of newly-appointed Chief Harold Macomber, affords the same outstanding protection as it did under the late Chief Frank Rogers.

The Civil Defense Department, under its director John Masten, actively provides many additional services to the town. Its non-paid personnel regularly provide ambulance service, training courses, and frequently add to the efficiency of other departments by its cooperative efforts. Equipment is often obtained free or at nominal fees from the state.

Bristol County Home for the Aged assessments continue to plague the town. Currently a legislative study committee is considering the proposal to assess towns on a per-patient use basis. Current methods of assessment are completely unfair and have been continually challenged by the Board.

Many meetings have been held in cooperation with the Planning Board and various other local boards and officials regarding the development and compilation of recommendations in the Master Plan.

An article calling for the establishment of a "Local Council on Aging" as authorized by the General Laws has been presented for town meeting consideration. Many benefits in federal and state funds are available for our senior citizens if properly authorized.

Efforts locally and with neighboring communities have been made to have a Southeastern Regional Community College located either in Fairhaven or nearby.

Wholehearted support, locally and in Boston, was given in an effort to enable S.M.T.I. to receive adequate funds to carry out the liberal arts courses and all other programs that residents of Southeastern Massachusetts are entitled to.

Appeals have been made for additional boat ramps to be provided by the state.

Plans are underway to secure Chapter 91 funds for replacement of spiles, caplogs, dolphins, and for other repairs at Union Wharf.

Insurance studies resulted in greater coverage in the form of a "multi-peril" policy for town buildings at less cost.

West Island improvements are being requested at town meeting in answer to the many requests of the island residents.

Repairs were made to the Town Hall and a fire alarm system was installed.

A new Police ambulance, and a new pumper for the Fire Department, as well as equipment for other departments, as authorized by town meeting, have been secured.

Frequent meetings have been held with elected officials, appointed boards, committees and citizen groups in the Board of Selectmen's continual effort to provide the very best service to the residents of the town.

Each succeeding year proves to be busier than the last and 1965 was no exception. The shortage of personnel in the administrative department, as always, plagues the board. Our executive secretary's dedicated service to the town, partially enables the selectmen to cope with this very difficult situation. Without the help of this lady, who was voted the "Outstanding Municipal Employee for 1965" the orderly operation of the administrative department could not be accomplished. Additional help is a must.

In closing, the Board of Selectmen thanks the citizens of Fairhaven for the splendid efforts made by so many dedicated residents.

EARL L. HOLDEN, Chairman
JAMES B. LANAGAN
WALTER SILVEIRA

CHANGES IN TRUST FUNDS DURING 1965

National Shawmut Bank of Boston of which we held 500 shares in the Henry H. Rogers Elementary School Fund, converted over to a holding company known as Shawmut Association, Inc., and we were given 700 shares for our 500 shares.

First National Bank of Boston of which we held 155 shares in the Henry H. Rogers Elementary School Fund had a stock split of 3 for 2. This gave us an additional 77 1/2 shares and we purchased the other 1/2 share for \$31.69, the money being taken from Savings Account of this Fund. We now have 233 shares of the First National Bank of Boston in this Fund.

First National Bank of Boston of which we held 314 shares in the Julia A. Stoddard Trust Fund had a stock split of 3 for 2. This gave us an additional 157 shares and we now have 471 shares in this Fund.

Stabilization Fund spent \$18,000.00 for fire engine.

BOARD OF HEALTH

ANNUAL REPORT 1965

This Board has held regular meetings during 1965. We have investigated all complaints and nuisances, and have taken prompt action whenever necessary.

The Massachusetts Department of Public Health instituted a program for the care of Premature Infants, which has been followed, as usual. Thirteen Premature Babies were born to Fairhaven residents during the year.

The Bristol County Mental Health Clinic, which is supported in part by the town, provides facilities for psychiatric diagnosis, treatment and consultation, free of charge to residents of Fairhaven - 37 patients were examined and 249 visits were made to this Clinic.

The following Licenses were issued during the year:

Burial Permits	116	Oleomargarine	36
Methyl Alcohol	5	Camp	3
Offal from Cesspools	3	Milk Dealer's	14
Store Milk	46	Ice Cream	2
Food Handler's	488	Food Handling	
Disposal Works		Permits	77
Construction	41		

Three new cases of Pulmonary Tuberculosis have been reported. Two of these patients went to the Norfolk County Hospital, were treated and discharged. The other one stayed at home under the care of his own physician but expired soon after he was diagnosed. Their contacts have been x-rayed and examined. The day rate for hospitalization at Norfolk County Hospital is to be increased as of January 1, 1966 by the amount of 54¢ per day, making same \$13.70 per day.

The School Dental Clinics have been held twice a week during the school year. Dr. William Xifaras is the dentist and Mrs. Eleanor Gonsalves is his Assistant. The following work has been done:

Fillings	287	Examinations	128
Extractions	81	Cleanings	170

Our preventive program has included the following Clinics:

5 Diphtheria - Pertussis - Tetanus Clinics	488 inoculations
2 Smallpox Vaccination Clinics	53 vaccinations
5 Sabin Oral Polio Clinics	447 inoculations

The following Communicable Diseases were reported during the year:

Dog Bites	68	Measles	16
Mumps	2	Tuberculosis	3

Also reported were 1 Hamster Bite - 1 Rabbit Bite - 1 Human Bite.

Our Sanitarian has inspected all Food Handling Establishments, including Grocery Stores. Article X of the Massachusetts Code requires that all Food Handler's have a personal certificate with results of their T.B. X-rays and all Food Handling Establishments must have a Certificate of Inspection.

The following have performed their duties effectively:

Samuel C. Barrett, Animal and Milk Inspector
Joseph G. Mello, Collection of Garbage
George J. Martin, Burial of Animals
Lawrence B. Maxfield, Sanitary Inspector
Henry Stevens, Slaughter Inspector

Appreciation is expressed to all who have assisted in carrying out our program.

Respectfully submitted,

MR. FRANK BETTENCOURT, Chairman
DR. EDWARD L. SOARES
DR. FILBERT A. SILVEIRA
Board of Health

PUBLIC HEALTH NURSING SERVICE

The Community Nurse Association of Fairhaven was organized by a group of civic minded people March 17, 1916 to care for the sick, to work for the prevention of disease and the promotion of health.

It is a combined agency doing public health nursing for the Town of Fairhaven and providing a visiting nurse service to the residents of the Town.

The nurses assist the Fairhaven Board of Health in conducting polio myelitis, diphtheria, whooping cough, tetanus and smallpox immunization clinics. They are also responsible for the maternal, child health and tuberculosis programs for the Fairhaven Board of Health.

This year a Well Child Conference was started to provide medical supervision and health guidance under a pediatrician for pre-school children as no such facility existed in the Town. The Fairhaven Mothers Club and the Fairhaven Benevolent Association are assisting with this project.

The agency this year accepted under graduate nursing students from St. Luke's Hospital in New Bedford on an affiliation to observe maternal and child health nursing supervision in the homes.

The nurses carry on their work through the appropriation from the Town, an allotment from the United Fund of Greater New Bedford and fees from patients.

Of the 4,828 visits made in Fairhaven by the nurses of the Community Nurse Association in 1965, 2,221 were made possible by the appropriation from the Town:

Maternal and Child Health Guidance Visits:

Antepartum	32 Visits
Postpartum	789
New Born Infants	777
Premature Infants	40
Child Health Guidance	169
Crippled Children	4
Adult Health Guidance	<u>1</u>
	1812 Visits

Tuberculosis Visits:

Active	4 Visits
Inactive	110
Contacts	287
Suspects	<u>2</u>
	403 Visits

Acute Communicable 6

Assistance was given at the following clinics held under the supervision of the Board of Health:

- 5 Diphtheria-Pertussis-Tetanus Immunization Clinics
- 2 Smallpox Vaccination Clinics
- 5 Sabin Oral Polio Clinics

Diphtheria-Pertussis-Tetanus Clinics	488 inoculations
Sabin Oral Polio Clinics	447 inoculations
Smallpox Vaccination Clinics	87 vaccinations

Well Child Conferences were started in September 1965 with Dr. Consuelo Souza, the pediatrician.

September 1965	8 examinations
October 1965	10 examinations
November 1965	17 examinations
December 1965	9 examinations

Measles vaccine will be given to children who attend these conferences as well as their other immunizations.

Three new cases of Tuberculosis were reported this year. Two went to Norfolk County Hospital, were treated and discharged inactive. The other stayed at home under care of his private physician but expired soon after he was diagnosed.

All inactive cases of Tuberculosis and their contacts were visited during the year to see if they had their yearly X-Rays or to be tuberculin tested. The New Bedford Board of Health Tuberculosis Clinic, Bristol County Hospital Clinic, Norfolk County Hospital and the private physicians have been most cooperative in helping us carry out the work.

Visits were made to the following patients:

Old Age Assistance	394 Visits
Disability Assistance	71 Visits
Medical Assistance for the Aged	120 Visits
General Relief	0 Visits
Veterans' Benefits	<u>128</u> Visits
	713 Visits

To all who have assisted and cooperated appreciation is hereby expressed.

MARY ELIZABETH KIRK, R. N.
Supervisor
Community Nurse Association
of Fairhaven

ANIMAL INSPECTION

Fairhaven, Mass.
December 27, 1965

To the Board of Health
and Citizens of the Town:

Under the Supervision of the Division of Livestock Disease Control, and in cooperation with the Board of Health:

Inspected: 458 milk cows, 34 heifers, 25 calves, 9 bulls, 17 beef cattle, 33 horses, 12 sheep, 296 swine, and 91 dogs quarantined for biting. There were no cases of Rabies. I sent one dog head and one racoon head to the Wasserman Laboratory.

Respectfully submitted,

SAMUEL C. BARRETT
Inspector of Animals

MILK INSPECTION

Fairhaven, Mass.
December 27, 1965

To the Board of Health
and Citizens of the Town:

Number of Dairy herds over 2 years 19

About 1055 gallons of milk produced daily.

Number of Inspections are two per year.

Bacteriological examinations are made by the
City of New Bedford Laboratory without cost to
Town.

SAMUEL C. BARRETT

Inspector of Milk

SLAUGHTER INSPECTION

Fairhaven, Mass.
December 10, 1965

To the Board of Health
and Citizens of the Town:

I herewith submit my report for the year ending
December 31, 1965.

During the year there were no animals slaughtered
requiring inspection and no confiscations.

Respectfully submitted,

HENRY STEVENS
Inspector of Slaughter

SHELLFISH DEPARTMENT

The year of 1965 was very prosperous to both Resident and Commercial Fishermen harvesting Shellfish, Clams, Quahaugs and Scallops.

A large project was undertaken in Propagation of Quahaugs & Oysters. A total of 1459 bushels of Quahaugs were transplanted on the East side of Scon-ticut Neck at the cost of \$4094.89 and 40 bushels of Seed Oysters at the cost of \$230.-making the grand total of \$4324.89 spent for Propagation.

The total net value of Shellfish taken exceeds over \$200,000. The listing recorded below is as follows:

111 Resident Shellfish Permits (Free) age 70 or over	
1684 Resident Shellfish Permits @ \$1.00	\$1684.00
125 Non-Resident Shellfish Permits @ \$5.00	625.00
152 Commercial Quahaug Licenses @ \$10.00	1520.00
56 Scallop Commercial Licenses @ \$10.00	560.00
5 Commercial Dredging Licenses @ \$25.00	125.00
	<hr/>
	\$4514.00
State Allocation (Propagation)	400.00
	<hr/>
Grand Total	\$4914.00

Also recorded is a listing of Dept. Expenditures:

Shellfish Constable Salary	\$3630.00
Propagation	4000.00
Maintenance	1280.00
Truck (1/5 of cost-\$1500.)	300.00
Outboard Motor (1/4 of cost-\$400.)	100.00
	<hr/>
	\$9310.00

May I again take the opportunity to thank the Board of Selectmen and the Shellfish Advisory Board for their fine co-operation in helping maintain this Department.

Respectively submitted,

JOSEPH B. GOULART
Shellfish Constable

FAIRHAVEN BOARD OF RETIREMENT

The following schedules show the operations summarized for the year ending December 31, 1965.

INCOME

Cash on Hand	\$262,837.87	
Contributions from Members	26,792.31	
Appropriation from Town	44,675.00	
Interest Received	<u>10,769.78</u>

BUILDING DEPARTMENT

During the year 1965 there were 221 applications for building permits issued from the Building Inspector's Office, listed as follows:

- 62 Dwellings
- 31 Garages
 - 1 Garage with breezeway
 - 2 Car Ports
 - 2 Patios
 - 2 Breezeways
- 15 Sheds & Tool houses
- 2 Henhouses
- 49 Additions & Alterations
 - 1 Swimming Pool
 - 1 Pigeon Roost
 - 2 Buildings converted to dwellings
- 14 Summer Cottages
- 6 Additions & Alterations to summer cottages
- 1 Housing Developm't (Fairhaven Housing Authority)
- Nursing Homes:
 - 1 Addition
- Boys' Club:
 - 1 Addition
- 1 Church

COMMERCIAL BUILDINGS:

- 1 Dwelling with Gift Shop
- 1 Gas Station
- 1 Canopy - Gas Station
- 1 Overhang lighting - Gas Station
- 1 Temporary Greenhouse
- 1 Alteration to Greenhouse
- 1 Remodel store front
- 1 Super Market
- 3 Additions to stores
- 1 Vegetable stand
- 1 Storage shed
- 2 Additions to restaurants

EDUCATIONAL:

- 1 School

DEMOLISHED:

- 11 Buildings

221 TOTAL

FEES COLLECTED - \$1970.00

TOTAL ESTIMATED COST OF CONSTRUCTION - \$1,115,080.

All plumbing permits must be obtained from the Building Department.

Plumbing Inspections

Hugh C. Francis	-	140 @ \$5.	=	\$700.00	
Dudley S. Richards	-	98 @ \$5.	=	<u>490.00</u>	\$1190.00

Wire Inspections

Enos E. Days	-	258 @ \$5.	=	1290.00

Harry Whiting	-	60 @ \$5.	=	300.00	
Raymond A. Morse	-	62 @ \$5.	=	<u>310.00</u>	\$1415.00

JOSEPH FLEURENT
Building Inspector

HIGHWAY DEPARTMENT

During the year we carried out the usual maintenance of Streets, Roads, Sidewalks and Drains.

In addition we completed the following:

Re-construction and hard surfacing, with Type I bituminous concrete.

Roy Street	2166 sq. yds.
Atlas Street	2900 sq. yds.
Sedgewick Road	2933 sq. yds.
Water Street	2800 sq. yds.
Blossom Street	3712 sq. yds.

Under Chapter 822:

Middle Street-Washington Street to Ferry Street	3180 sq. yds.
Laurel Street-Cedar Street to Church Street	5585 sq. yds.

Under Chapter 782 and Maintenance funds:

Chestnut Street-Center Street to South Street	2285 sq. yds.
--	---------------

Bituminous concrete curbing were installed on,

Roy Street
Atlas Street
Blossom Street

3,305 feet of concrete curbing was installed during the year in accordance with the Articles in the Town Warrant.

Under the sidewalk and curbing participating program 133 feet of cement curbing was installed. Also installed was 920 sq. yds. of Hot Mix and 184 sq. yds. of cement sidewalks.

The following drainage was installed:

No. Walnut Street	475 feet pipe
Sedgewick Road	340 feet pipe- 2 catch basins
Union and Chestnut Streets	1 catch basin

Work on Howland Road under Chapter 90 Force Account was carried out but this project will not be completed until next year.

Due to a cut in our budget and the fact that we had to purchase a large amount of oil to hold down the dust this year only 35,000 sq. yds. of road was sealed.

We have the new sign making machine in operation and will be installing these signs about April 1, 1966.

RUBBISH DEPARTMENT

We have continued to use the land fill method of disposing of rubbish and have been quite successful in holding down the odors and fire hazard. The area as a whole has been retained in an orderly manner. We have controlled the burning and have had very little trouble with smoke, etc.

This has been done by having a man there at all times when the area is open.

The public's cooperation has been greatly appreciated.

As new homes are being built and the work load gets heavier I am asking that we purchase a 20 yard Rubbish Collection unit to replace the 1946 unit that is no longer operative.

I would like, at this time, to thank the members of the various Departments for their cooperation during the last year.

Respectfully submitted,

ALBERT M. STEVENS

Superintendent of Highways

PARK DEPARTMENT

The Park Commissioners organized with Albert Borges, Jr. as Chairman, Joseph G. Mello, Vice-Chairman and Weber Rego Torres, Jr. as Secretary.

The basketball area at Cushman Park was completed in December and is now in full use.

The Little League Field at Livesey Park was placed in a different position to eliminate a sun hazard and was reseeded. At this time this Department would like to thank the Selectmen and the Superintendent of the Highway Department for its complete cooperation.

The tree situation has been very disappointing at Cushman Park. A large number of dead Elms have been cut down and replaced with young Maples. We no sooner plant them and they are destroyed by vandalism.

Our eight week program of Recreation was capably handled by Paul Bisbee, Recreation Supervisor and Recreation Leaders May Valentine, Clara Roberts and Rhea Carle.

The West Island Town Beach was handled by Thomas Murphy.

Cushman and Livesey Parks have reached their ultimate capacity for sport areas.

Field houses are urgently needed both at Livesey and Cushman Parks. We shall once again enter an article for Field Houses for both Parks.

Respectfully submitted,

ALBERT BORGES, JR., Chairman

JOSEPH G. MELLO

WEBER REGO TORRES, JR., Sec.

SEWER AND WATER DEPARTMENT

The Board of Sewer and Water Commissioners organized with Lawrence B. Maxfield, Chairman, Dudley S. Richards, Vice-Chairman and Charles A. Maxfield Jr., Clerk.

In 1965 twenty-three new water services and forty-eight sewer connections were installed, making a total of seventy-one for the year. There are now approximately 2394 sewer connections in use, and to date 1074 water services have been installed on Sconticut Neck.

Approximately 1650 feet of eight inch sewer mains were laid in the following streets: Atlas and East Allen, Bryant Lane, Spring Street and Saratoga Street. These installations were all paid for by individuals.

Due to work done by the Sewer and Water Department during the year, the Town was reimbursed in the amount of \$ 37,442.77.

LAWRENCE B. MAXFIELD
DUDLEY S. RICHARDS
CHARLES A. MAXFIELD, JR.

Board of Sewer and
Water Commissioners

CARE OF TREES AND MOTH CONTROL

TREE DEPARTMENT

During 1965, the program of removing dead trees, and dead limbs has continued throughout the Town with the objectives of controlling the Dutch Elm Disease. This problem has always plagued this department. This past year, there were 51 trees taken down, and we trimmed 260 trees. We took care of 12 cavities to help save the trees.

Twenty-six written requests have been referred to us from the Selectmen's Office and 104 calls came in direct to this department. The Police Department called on eight different occasions to take care of problems that occurred during the night.

In 1965, 130 trees were planted on our public streets. However, we lost 20 of these trees because of the drought.

We have continued to keep all the equipment in the best condition so that we can be prepared for any problem, day or night.

MOTH DEPARTMENT

We have continued our concerted effort to control insect pest and have abided by the Massachusetts Bureau of Pest Control which has required that the Tree Warden be licensed by the State. All work done by this department must be done to prevent any harm to persons, animals, birds, and shellfish.

Respectfully submitted,

OMER BLANCHETTE

Tree Warden and

Supt. of Moth Control

CIVIL DEFENSE

The year 1965 again brought problems and few goals were attained.

SHELTERS: There is still a severe shortage of shelter spaces in town, two hundred for a population of sixteen thousand. The army will again check Fairhaven for shelters in 1966.

TRAINING: Courses are planned for first-aid, rescue and ambulance. The High School and Sacred Hearts Academy are conducting classes in medical self-help with Civil Defense provided equipment.

AMBULANCE: In 1965, the Ambulance Corps, by grateful donations of our townspeople was able to acquire a 1956 Cadillac ambulance. Through cooperation of the Police Department, the Corps totaled ninety-nine ambulance trips, as far as Boston.

ALARM SYSTEM: Will be enlarged to cover most of the town with the addition of two more sirens, donated by the Fire Department.

We again urge the people of Fairhaven to support Civil Defense by enlisting in any of the many sections. There are numerous executive positions open and anyone regardless of skills is most welcome.

A two-hundred bed hospital, complete with all necessary equipment, operating room, x-ray, dental, generators and water purifying equipment is labeled for Fairhaven as soon as suitable storage space is found.

JOHN D. MASTEN

Director of Civil Defense
Town of Fairhaven

BOARD OF APPEALS

During the year 1965, the Board held 7 public hearings and acted upon 12 petitions for variances. 11 petitions were granted and 1 was denied.

The expenses were kept within the appropriations for the year.

JOSEPH A. WALKER, Chairman
WILLIAM C. BRENNAN, Secretary

VETERANS' BENEFITS

A total of 52 cases received Veterans' Benefits during the year 1965, a total cost of \$37,928.00.

There were 26 cases receiving aid on January 1st and 37 cases on December 31st. Of these 37 cases, a total of 9 were receiving aid for medical expenses only.

The present case load is divided as follows:

World War I	5	
World War II	25	
Korean War	<u>7</u>	37
Dependent parents in their homes	13	
Dependent parent in Nursing home	1	
Widow of Veteran	5	
Disabled Veterans	10	
Families because of illness of Veteran	5	
Wife of Veteran in Hospital	2	
Child of Veteran in Hospital	<u>1</u>	37

Whenever possible, a Veteran is admitted to a Veterans' Administration Hospital. During his illness, it is usually necessary to aid his family.

The Town receives 50% reimbursement from the Commonwealth for assistance granted on cases which have been approved by the office of the Commissioner of Veterans' Services. Wherever possible, the Town makes recovery of benefits paid, in cases of a lien or assignment being held.

EARL L. HOLDEN
Veterans' Agent

WILLIAM L. LACASSE
Sealer

FIRE DEPARTMENT

The Fire Department answered 50 Bell Alarms and 271 Still Alarms. Each year our calls increase as the Town grows. The new Engine #4 has been delivered and put into service. This piece has a 1000 gallon water tank, a 750 gallon front mounted pump. This piece is a Four (4) Wheel drive mounted on an International chassis. Station #5 is being painted in the interior. Station #3 is in good shape. This station will have to be altered when a new piece is asked for in 1967. Engine #3 will be Thirty (30) years old. The Fire Prevention Bureau is very active. The Rescue Squad is still very busy with out of Town calls, and local activities. In the near future a Station at Sconticut Neck will have to be built, which the Master plan calls for. This will give better service, also this will help on Insurance Policies. The Board of Engineers would like at this time to thank the personnel of the department for their cooperation in such a busy year.

HAROLD S. MACOMBER
WALTER JACHNA
LINDSEY GIFFORD

JOSEPH ANDREWS
EARL HOLDEN
Board Fire Engineers

FIRE ALARM

During the year 1965 Four new Fire Alarm boxes were added to the system.

Box 141	Seaview & Grover
Box 271	Coolidge & Studley
Box 452	Chestnut & Cottage
Box 611	Alden Rd. & Manuel St.

The usual amount of change overs were done for the Utilities.

This year I am asking for the North end circuit to be split. This circuit is now over loaded. Also I am asking for a coded horn to replace the Siren at the High School addition. This is needed for our Callmen. The Siren at the High School addition, and the Siren at the Oxford School, can be transferred to the Civil Defense. This will give coverage for the entire Town under a Civil Defense emergency. The rest of the Fire Alarm is in good condition.

HAROLD S. MACOMBER
Superintendent of Fire Alarm

STREET LIGHTING COMMITTEE

Lighting of Fairhaven has continued to assure safer pedestrian and vehicle traffic, aid in Police protection and, in general, to make the town more attractive. In accordance with a planned lay-out, the major part of the lighting was done with incandescent units. In the business districts and heavy traffic areas color improved mercury was used.

In 1966 we plan to light sections of our town classified residential. The 121 areas to be completed have taken a vast area of the town leaving a comparatively small area to be completed in 1967.

In the hopes of making Fairhaven a safer and better place to live, it was decided in 1962 that the project should span a period of 5 years. If our recommendations are followed in 1966, the committee can visualize the completion of better lighting by 1967.

We have considered the taxpayer in all our decisions and have lighted the town as brightly and economically as possible.

We would like to express our thanks for the patience and cooperation of the residents of Fairhaven in the fore-mentioned years. A well lighted town is a progressive town - let's keep Fairhaven that way.

WALTER SILVEIRA, Chairman
ANTHONY BLANCHARD
ANTHONY R. AVILLA, JR.
JOSE PILAR
NOEL B. COUTURE

POLICE DEPARTMENT

To the Honorable Board of Selectmen:

Fairhaven, unfortunately, has not been spared from a rise in criminal incidents afflicting the entire nation in 1965. The increase however, has been met here with more vigorous activity by our own police force.

For example, our department investigated 4,083 complaints up to December 20, 1965, compared to 3,850 for the entire previous year. Our personnel issued 671 traffic citations in comparison to 508 in 1964.

The increase in citations has, in part, subdued our traffic accident margin, we are happy to report. Although our highway record was blemished by three fatalities each in 1964 and 1965, the total number of accident injuries decreased from 273 to 183 - a drop of 90 - in 1965.

Growing intensely throughout the nation - and also in Fairhaven - are the extremely difficult problems of juvenile crime and vandalism. While the Police Department realizes there is a certain amount of folly inherent in youth, it also realizes the danger of such folly if allowed to go unchecked.

We feel it is our responsibility to urge each and every parent to take an interest in the whereabouts of their children and make every effort to guide them properly on the road of the law abiding. Such is a task of utmost importance to the future welfare and happiness of our community.

We thank Fairhaven residents and employees of other town departments for assistance throughout the old year, and we look forward to increased cooperation in 1966 and the decline in our crime rate it is sure to bring.

Sincerely,

MANUEL A. OLIVERA
Chief of Police

PLANNING BOARD

Over and above the development of the Master Plan, the Planning Board has entered into many other phases of planning business.

The following report of this Board's activities for the year will give you some idea of the scope and magnitude of the work involved.

The Fairhaven Planning Board held over twenty-four meetings this past year, including representatives of the Board attending all Board of Appeals and Selectmen's meetings pertaining to zoning and planning, averaging once a month, to take under advisement and make recommendations on zoning, subdivision, signs, a historical district, conservation, recreation, sewer treatment sites, golf course, Rogers Monument relocation, tax revaluation, revision of by-laws, flood plain zoning, the joining of a Regional Beautification Commission, and a capital improvement program that was presented to the Finance Committee.

The conclusion of a school study revealed that their primary role is an effort to co-ordinate school policies with recreation, zoning and fiscal policies.

A "Seminar on Shoreline" by business men and civic leaders recommended the establishment of a Harbor Development Commission as well as urban renewal south of the bridge. Irving Franklin, director of the Area Redevelopment Administration, urged that Fairhaven become a member of the Southeastern Massachusetts Regional Planning District to further its chances of receiving Federal aid, and also said that the Area Redevelopment Administration would sponsor an economic study necessary for a comprehensive plan to improve the waterfront. G. Gerrett Schuler, Chairman of the Fairhaven Industrial Development Commission and Chairman of the Greater New Bedford Economic Development Committee, of which Kenneth R. Vining, Chairman of this Board, is also secretary, advised the creation of a body outside of town meeting with eminent domain rights, who can act freely if Fairhaven is to progress. Needs of the waterfront, listed by Chester Hathaway, Vice-president of Hathaway Braley Wharf, Inc., were loading facilities, deep-water dockage, and a demand for mooring facilities and servicing areas for pleasure boats.

A meeting of this Board with the Fairhaven Water Company concluded that the major emphasis should be put upon the desirability to either combine the two existing water companies in Fairhaven, or to have an outside interest take over. A regional water district for Fairhaven, Mattapoisett, Marion, Rochester and Acushnet, and possible locations for standpipes were discussed. It was advised that local water problems should be solved before joining any regional water district proposal.

The establishment of an industrial area on Alden Road north of Bridge Street, and the development of same, types of industry desired, water sewerage problems, and revised zoning laws were studied by the Planning Board.

Members of the Planning Board met with the Board of Selectmen and representatives of the Department of Public Works to discuss traffic conditions. Action should be taken with the Department of Public Works pertaining to Route 195 and Route 140. Hazardous conditions on Route 6 at Blossom Hill should be eliminated, and all back out driveways should be corrected.

THE MASTER PLAN

Fairhaven has come into a new era - the Master Plan. Starting in December, 1965, this massive documentary report of statistics and recommendations was a trying effort of two years study by this Board, coupled with the professional guidance of Economic Development Associates, Inc. of Boston, our planning consultants.

The overwhelming cooperation of all departments within the town has furnished us with all pertinent facts and recommendations.

It has been very taxing upon this Board to engage in such an undertaking, but we feel that our efforts were rewarding due to the excellent response to all our meetings with the various heads of departments and committees.

This is a very busy town type of government of which all give unstintingly of their time for the best interests of its people.

The Board will be ready to present the Master Plan in the late spring or early summer. We wish to emphasize that there are still revisions and corrections to be implemented before we make our final presentation.

The presentation of the Master Plan will be in the form of a report to the town. It is a document that will be a guideline to be executed by this Board with the cooperation of all departments and committees.

The part in which legal proceedings must be taken by town meeting members is the revision of the zoning by-laws, of which there will be a number of articles pertaining to same.

The important phase of implementation is a study of how to achieve all objectives. This can only be accomplished by a continuance of services by a professional planning consultant, for which this Board has inserted a nominal sum in its 1966 annual budget.

The summary report of the Master Plan was sent to each town meeting member in November, 1965, early enough for each townsman to study and present any comments or recommendations to this Board for our consideration.

A copy of the comprehensive report of the Master Plan was personally delivered to all department and committee heads for their study and recommendations.

During the two years in which we have been developing the Master Plan, this Board has invited and received excellent response to meetings pertaining to each department's functioning. The conclusion of these meetings with the various departments has given this Board and its planning consultants the true picture of its present operations.

The progress of the development of the Master Plan is guided by the Department of Commerce, Division of Planning, to make sure that every phase of the Federal grant is carried out according to the provisions of the law.

We have, at this time, come to the conclusion that there is no immediate need of concern for any change to be made in our summation. We know that upon presentation of the Master Plan, there will be recommendations which this Board will be prepared to answer. We are confident in knowing our people, that they have faith in our recommendations, and we look forward to acceptance and appreciation of our efforts in behalf of the town of Fairhaven.

PUBLIC ASSISTANCE

A comparison of the caseloads of all categories of public assistance at the beginning and end of the year 1965 is submitted herewith:

	<u>Jan. 1, 1965</u>	<u>Dec. 31, 1965</u>
Old Age Assistance	161	140
Medical Assistance for the Aged	82	111
Aid to Families With Dependent Children	54	54
	(183 people)	(162 people)
Disability Assistance	27	31
General Relief	10	6

Expenditures for all Relief and also for Cost of Administration totalled \$496,916.35. The expense was distributed between the Federal Government, the State and the Local Community as follows:

	<u>O.A.A.</u>	<u>M.A.A.</u>	<u>D.A.</u>	<u>A.F.D.C.</u>	<u>G.R.</u>	<u>Adminis- tration</u>
Federal	58.2	50.0	38.9	44.9	----	50.4
State	29.8	33.3	36.1	25.3	20.0	20.0
Town	<u>12.0</u>	<u>16.7</u>	<u>25.0</u>	<u>29.8</u>	<u>80.0</u>	<u>29.6</u>
	100.0	100.0	100.0	100.0	100.0	100.0

Medical care which represents 47.5% of total expended for all aid furnished totalled \$218,446.70. This is \$45,426.08 more than in 1964.

Clinics	\$ 1,340.15
Hospitals	32,855.13
Nursing Homes	123,716.30
Physicians	6,760.00
Dentistry	4,218.00
Medication	41,559.40
All Other Medical	7,159.82

The Town received \$1,945.01 in Recoveries from individuals who received Old Age Assistance.

Mrs. Edith S. Alden, who worked for the Public Welfare Department from July 9, 1943, retired on July 31, 1965. She was employed as senior clerk typist until 1956 when she qualified under Civil Service as a social worker, serving in both capacities very efficiently.

Miss Catherine F. MacDonald was appointed to the position left vacant. She was enrolled in the orientation program provided by the State and Federal Governments for a period of eight weeks.

LIBRARIAN'S REPORT

TO THE BOARD OF TRUSTEES OF THE MILLICENT LIBRARY for The Year 1965

After five years of preliminary planning, the proposed addition to The Millicent Library is in the final stages of development. Through the interest of Mr. Henry Rogers Benjamin and other members of the Rogers family, Paul Peralta-Ramos, Lord Fairhaven, Major the Honourable and Mrs. Henry Rogers Broughton, William Rogers Coe, Ambassador Robert Coe and Count Peter Salm, sixty per cent of the cost of the new building has been received. A private subscription has, to date, nearly reached the goal of nine per cent; there has been a provisional grant of seventeen per cent from federal funds, leaving the balance of fourteen per cent of the total to be raised locally.

The plans as drawn by Tallman, Drake and Guay conform to the present Italian Renaissance architecture and will provide for a Children's Room, Work Room, Rogers Rare Book Room, auditorium, bookmobile garage and bookmobile collection storage on the east side of the present building. With the addition of another tier of stacks in the main library and renovation of the basement, providing it with controlled temperatures, the expanding needs of the library will be met for many years to come.

It is with gratitude and keenest anticipation that the Trustees and Staff look forward to the laying of the second cornerstone.

GIFTS

1965 has been a year of receiving for the library in the form of money, gifts and books. Aside from the large donations for the addition from the Rogers family and friends, money was set aside for us to improve our book collection.

The untimely death of Thornton M. Richards, III inspired the formation of a memorial book fund to be set up. At the time of this writing, a total of \$627.30 has been placed in a separate account for the purchase of special titles in his memory. Six other memorial titles were given during the year.

Mr. and Mrs. Eliot R. Mowat donated a book in memory of Gordon T. Maxfield; the Buckley children gave a volume in memory of H. Nelson Wilbur; Audrey Hedge gave a beautiful art book in memory of Lila McVay Swan; the Fairhaven American Legion Post #166 Bowling League donated a book in memory of Adelard J. Roy; and two books were given in memory of Jack Walters, one from Mr. and Mrs. Kenneth Lavallee and the other from Mr. and Mrs. George B. Freitas.

Thirty individuals made donations of books to the library during the year. Messrs. Earl J. Dias, Warren L. Swett and Alton M. Tripp, as well as Mrs. Bradford Luther donated sizeable collections from their homes.

Our Portuguese collection has long been in need of weeding and replacement. Miss Laurinda C. Andrade, Head of the Portuguese Department at New Bedford High School, was kind enough to make inquiries for us regarding sources to contact for this literature. Mr. Vasco A. Villela, Consul of Portugal in New Bedford, was most generous with his time and efforts in our behalf, with the result that the Calouste Gulbenkian Foundation sent us from Lisbon a collection of 209 volumes of Portuguese books. These included novels, histories, children's books, travel, cookbooks and literature. Considering the large representation of Portuguese people in the area, we are most fortunate to have this material at hand.

Lord Fairhaven presented the library with an exquisite aquatint of the family yacht "Sapphire" and it is now hung in the Reading Room. Dr. and Mrs. Albert A. Soifer have allowed the library to display as a permanent loan an oil painting of a landscape by Edward Gay. This will also be hung in the Reading Room

We were able to acquire an oak bookcase for displaying books in the library foyer as the result of a donation of two hundred and fifty dollars from the Roger Benjamin Fund.

CHILDREN'S DEPARTMENT

Beginning in the spring, Mrs. Beverlye Robinson, our Children's Librarian, planned a fascinating program for the children. May 1st, the last day of National Library Week, Mrs. Nancy McGuire put on a puppet show for 594 youngsters.

From June 30th through August 18th Mrs. Robinson presented eight programs for the children that started with a smashing success - the Boston Children's Theatre performing "Rumpelstiltskin" on the lawn for 800 people of all ages. Succeeding weeks featured Mr. George Bowditch speaking on "Early Colonial Life in New England;" Emily Goode from the Massachusetts Audubon Society bringing her own pets with her and talking about "Fun with pets and bird identification;" Mr. Roger Theraux from the U. S. Fish and Wildlife Biological Laboratory in Woods Hole talking about and showing examples of "Beach and sea animals;" Peggy Fannon, Phil Bowditch and Barbara Carns treating the audience to a folk sing on the lawn; the NASA Spacemobile, which enthralled visitors; and Mr. Robert Frazel showing the Woods Hole Oceanographic Society's film "Science in the sea" for the final program. These excellent shows were attended by 2,172 children, and the Standard-Times took its "hat off" to Mrs. Robinson for organizing such a memorable selection of events.

Many classes visited the library for instruction and story hours; the first grade from Rogers School; a pre-school class from Operation Head Start; and the twelve fifth-grade classes, as well as Girl Scout and Brownie groups.

The year ended up with a folk sing led by Peggy Fannon during Children's Book Week to carry out the theme "Sing along with books."

Mrs. Robinson has also organized a branch of the Children's Book Review Group in the Southeast area that meets monthly to discuss what is new in children's literature.

EXTENSION SERVICES

Mrs. Freitas is continuing to send books in the winter months to West Island residents who would otherwise be without library service when the bookmobile discontinues its summer schedule there.

The schools have asked for books in spite of the fact that the library has discontinued organized school collections. Mrs. Freitas has sent out books to some classes and has filled requests from teachers who wish small collections on a temporary loan basis.

The Rodman Job Corps was without library facilities when starting operation in the summer. The Extension Librarian sent a sizeable collection of books on a temporary loan until the Corps established its own library. Seventy-five of the boys came to the library for a field trip and received a tour of the building and a talk on the fundamentals of library procedure.

BOOK SUPPLY AND DEMAND

1,724 borrowers registered at the library in 1965 - 965 adult and 759 children, making a total of 5,237, or 36.5% borrowers of the population served. 195 non-residents applied for cards, making a total of 602 having Fairhaven library privileges; and 836 new borrowers received library cards.

113,026 books, periodicals, records and pamphlets were circulated; 65,943 adult and 47,083 juvenile.

2,314 books were added and 1,441 discarded, now making a total of 58,776 books in the collection.

2,266 books were cataloged - 1,316 adult, 161 young adult and 789 juvenile.

TRUSTEES AND STAFF

Mr. Paul Peralta-Ramos, great-grandson of Henry Huttleston Rogers, was elected a Trustee to fill the vacancy left by Mr. Arthur Knox.

Two Neighborhood Youth Corps members were assigned to the library during the fall and will continue working for the first half of 1966.

All of the staff members received certificates from the Board of Library Commissioners verifying their status as professional or sub-professional librarians.

State and regional library meetings were attended by the Librarian and the staff who also entertained the Old Dartmouth Library Club at the library on October the twenty-seventh.

The Librarian was elected Vice-President and President-elect of the Massachusetts Library Association at the Annual Meeting in May.

CONCLUSION

The inevitable ups and downs of this year have been so thoroughly overshadowed by the dazzling prospect of realizing at last our dream of a much-needed addition as to make 1965 a banner year at The Millicent Library. There is nothing more gratifying than the tangible evidence of the sincere interest of others in the library's well-being and advantages. Rarely have we been supplied with such a pleasant momentum to carry us over into the next year.

Respectfully submitted,

RITA E. STEELE
Librarian

NO-SCHOOL SIGNAL

2 2

7:00 a.m. Indicates no school for all day.*
11:30 a.m. Indicates no afternoon sessions for
Grades 1 - 8.

*School will be held in the High School on all days regardless of weather conditions unless special announcement is made over the radio stations WBSM and WNBH. Parents are urged to use their own judgment in sending students to school when the weather is inclement.

It is the policy of the School Committee to order the no-school signal only in the most severe weather conditions or when road conditions are such as to make transportation extremely hazardous or impassable with respect particularly to Grades 1-8.

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Fairhaven:

We are pleased to submit herewith the annual School Report of the Fairhaven Public Schools for 1965.

Your School Committee is charged with the responsibility for the direction of your schools as a policy-making or regulative body. There have been 38 meetings of the Committee during the year during which all phases of the operations were discussed. These meetings have been concerned with many problems ranging from business administration, in the purchasing of materials and in the methods of expending our funds wisely, to the consideration of curriculum methods, school boundary lines, transportation of children and federal aid projects.

The public schools, due to the large number of personnel employed and the large number of persons served, is a very large part of the town's expenses. Our budget for operation now is in excess of \$1,350,000. We fully realize the great responsibility we have in representing the townspeople in providing as fine an educational system as we can within the limit of our financial means. However, we feel that the educational needs of our children must be our foremost consideration. The Committee, with the advice of the superintendent and staff, have spent a great deal of time this year deciding on policies which relate to the individual instruction of children, on review of teaching methods and in the evaluation of administrative and supervisory personnel.

One of our major concerns this year has been in the evaluation of pupil progress in the primary grades. We have been pleased to hear of the decided advantages which have accrued to those pupils, who have been placed in our pre-primary classes over the past few years. We have become so concerned over early childhood development as it affects children in the first three grades that we feel strongly that the only way to adequately compensate for some of the developmental differences in children is to provide a kindergarten program for all children. The Willis-Harrington Report on the study of Massachusetts education has proposed the establishment of minimum standards to include: "School districts shall

provide a half-day of kindergarten for 185 days between September 1 and June 30, with attendance permissive." The legislature is now in the process of implementing these proposals of the Willis Commission. Soon, we expect to be required to provide this type of education.

We have been very concerned with the reading program in the schools, particularly with the deficiencies of pupils at all levels. We are presently providing specialized reading instruction for children with "specific language disability" and are attempting to increase the attack on reading skills development in remedial reading classes and in the English classes in the secondary schools.

In order to assist our elementary teachers to become acquainted with the newer practices in the teaching of reading, we are providing an inservice course on one afternoon per month. This course is conducted by Dr. S. Elizabeth Campbell of Rhode Island College and is required of all elementary teachers.

We have requested the Principal of the High School and the Athletic Director to take steps to sever our connections with the Bristol County League and seek an athletic alliance with schools of our own comparative size. We have been gratified to approve an alliance with a new all-sports league, which will be in complete operation in the fall of 1967. In the meantime, we will honor such contractual commitments with Bristol County League teams as are still in force, gradually replacing them with new contracts with available schools in the new league. We feel we should be able to compete favorably in the future with our new alliance.

In the administrative offices, we have been pleased to see the fruits of the complete institution of a commitment accounting system. With this system in operation, we are able to determine the status of our accounts with considerable accuracy at all times, not only in terms of what has been expended, but also in terms of funds committed or contracted to be spent. We feel this is a great step in keeping our operations on a business-like basis.

We regret the retirement from the School Committee of Mr. Albert M. Gonsalves, who has served from 1951 until this December and twice served as our chairman, in 1952 and 1958. He seldom missed one of our meetings. His ready counsel and friendly consideration for the problems of our school system is gratefully acknowledged by all of us with whom he was associated in the schools.

We have been pleased to have had two members of the Finance Committee, Mr. Earle Larkin and Mr. Manuel Gonsalves, sit in on the budget hearings of the Committee for the past two years. We feel that this type of cooperation has created a much deeper understanding of the educational problems of the community and of the fiscal policies of the School Committee. We are deeply indebted to them for this time and dedication.

In conclusion, may we express our sincere appreciation to the entire staff for its support, understanding, and spirit of cooperation in their work for our young people. We urge you to read the reports of the Superintendent of Schools and other staff members which are included herewith as part of the annual School Report.

Respectfully submitted,

GEORGE R. GRAVES, Chairman
ANTONE C. MARTIN, Vice-Chairman
ALBERT M. GONSALVES

CURRICULUM DEVELOPMENT

I have reported to you over the past few years on the modernization, revision and expansion of our curriculum as we have been attempting to keep pace with modern times. These changes have been going on this year as well, but not with such a sense of urgency as in the past. We have been evaluating on all fronts, the results of our various programs to determine where deficiencies need to be strengthened. We have made such attempts as were necessary to fill in the gaps.

EDUCATIONAL AND SOCIAL PROBLEMS

Each passing year illustrates to us the emphatically pressing need to institute some form of pre-school program for our children. Many of the youngsters, who fail in our schools, do so because of the lack of sufficient pre-school development in many of the physical, emotional and cultural areas.

Much has recently been written concerning the increasing problem of the "drop-out" from our American school systems. It is my very firm belief that the problem of the "drop-out" occurs because of two primary factors; first, the overplacement of children in school and in society, and secondly, the lack of proper emotional and psychological adjustment of the pupil to the home and school environments. I would like to discuss these causes as real problems in the Fairhaven Public Schools.

The physician knows, and the educator is beginning to discover, that in order to find out why a child is having problems in school, he must know what happened in the five or six years before the child entered school. These years had much more to do in determining the future growth and development of the child than any of the years since. It is said by many psychologists that a child has all of his life's patterns formed by the time he is nine years old. For these reasons, it is necessary to begin the educative process in a controlled way as early as possible.

Since all homes do not provide an equal opportunity for the same educational, cultural and emotional environment in preparation for the learning experiences of the first grade, we must plan to provide for the establishment of kindergartens at the earliest opportunity. All of our previous

attempts at solving problems of children in school have been aimed toward altering the curriculum, and differentiating the educational experiences according to the abilities of the pupils, in order to enrich the curriculum for those pupils, who are found to be deficient in their educational development. In other words, the intent was remedial rather than preventative in nature.

In recent years, we have been exploring the possibilities of pre-school education by providing for those pupils, who would otherwise have had difficulties, a chance to remedy those difficulties by experiencing a program designed to help the child get ready for formal learning experiences for at least one year before exposing him to the frustrations of non-achievement. All entering pupils were tested by means of group-tests or individual tests. Those, who were found to have poor probability for success on the basis of the testing, have been placed in pre-primary classes, where readiness and cultural enrichment activities have been provided for them. The results have been startling. Those, who have been delayed in entering the first grade have been able to perform up to their capacities with far greater success than we would have predicted. By providing this type of program for these children, we have been able to prevent many of the achievement difficulties they would normally have encountered.

If we could provide a pre-school experience for all children in the form of kindergartens, we would be able to prevent many of the difficulties of over-placement and the academic failures it causes.

Another cause of academic difficulty is in the psychological and sociological problems of children, which create an increasing amount of maladjustments each year. It also leads to problems in later childhood and adolescence, which exhibit themselves as juvenile delinquency, emotional disturbance, hostility, rejection of authority, habitual school offenses and trancies. If the citizens could hear, as I do, the many difficulties of these young people because of social, economic, and family situations, I am sure they would marvel that the children of today do as well as they do. The emotional and psychological maladjustments which occur, such as those caused by broken families, lack of proper supervision in the home, improper diet, lack

of love and affection, and many other reasons, cannot help but cause serious results. I would urge the approval of the School Committee and the Town Meeting for the employment of a psychological-social worker under the School Adjustment Counselor Program to work primarily as a preventative measure. Such a person, well-trained in their job, could do much to alleviate many of the maladjustments in school and in the community which eventually, result in many drop-outs, juvenile court cases, emotional disturbance cases and habitual school offenders. Too often, these children are unable to become productive taxpaying members of our community and end up as a waste of human talent and resources.

FEDERAL AID TO EDUCATION

With the passage of bills in the Federal Congress to provide for the economically and culturally impoverished and to provide for federal aid to education, we are increasingly involved in the writing of projects for federal approval of funds under these federal aid programs. We are now involved in the development of programs under Titles I, II and III of the Elementary and Secondary Education Act of 1965; Titles III and V of the National Defense Education Act; the Vocational Education Act of 1963; and (in cooperation with the Fairhaven Anti-poverty Committee) Project Headstart under the Anti-poverty program. I am pleased that the School Committee has approved the redistribution of duties within the staff to allow the assignments of Mr. Victor Brunette to be the staff advisor to handle these projects. I am sure that there will be more of this type of federal participation in the problems of education in the future, gratefully acknowledge the assistance of teachers and staff members from both public and parochial schools in the development of programs under these acts designed to benefit our children in Fairhaven. I wish space would permit individual acknowledgment.

EDUCATIONAL FACILITIES

We have been pleased with the addition of the new, 13 classroom, LeRoy L. Wood School to our elementary school facilities. Every classroom is now in use. We have been gratified to see the class sizes in the East Fairhaven and Wood Schools reduced to more manageable levels.

I urge the immediate consideration of the Building Committee to the need for expansion of programs at the High School. The School Survey Committee of a few years ago and the new Master Plan for Fairhaven both point to the need for an addition of facilities and the remodelling of present facilities at the High School to allow for the expansion of programs in Industrial arts, physical education, business and library. This should be planned for soon and I urge it no later than September of 1968.

CONCLUSION

The other reports of staff members, which are included in the 1965 Fairhaven School Report will deal in depth with other areas of our operations which should be brought to your attention. I sincerely appreciate the cooperation shown me by the excellent staff of the system, the School Committee and other interested town citizens. Without this fine spirit of dedication and service on the part of so many, we would not be able to point with such pride to our many accomplishments. Much has been achieved in the attainment of a first-rate school system. Much still needs to be done as we face the demanding challenges in the educational programs of the future.

Respectfully submitted,

LYNWOOD P. HARRIMAN

Superintendent of Schools

REPORT OF THE HIGH SCHOOL PRINCIPAL

To the Superintendent of Schools:

I submit herewith my seventh annual report as Principal of Fairhaven High School.

In September of 1964 the 9th grade became resident in Fairhaven Junior High School, and the enrollment in the Senior High School was considerably reduced, a situation which has made possible more personalized service to all secondary students.

The class of 1965 was graduated on June 16 and 198 members received diplomas from Mr. George Graves, Chairman of the Fairhaven School Committee. A panel discussion was presented by high-ranking members who were concerned with the actions and attitudes of contemporary teen-agers. The material for this panel had been collected by students in a Senior English division. This consultant group in thoughtful written and oral consideration had stated the attitudes of teen-agers in four areas: THE HOME, THE SCHOOL, RECREATION and WORLD and SOCIAL AFFAIRS. The panel was under the direction of Mrs. Paul L. Knipe. Panel members were: Stephen J. Entin; Moderator, Bette Lou Everett, Alden F. Trull, Barbara A. Acksen, Jacqueline E. Ray.

Scholarship and awards having a total of \$8,703.75 were given to following graduates:

<u>Scholarship and Award</u>	<u>Recipient</u>	<u>Amount</u>
Lady Fairhaven Cup	Kathleen Teixeira	
Lady Fairhaven Cup	Alden Trull	
No. Fairhaven Improvement Association	Mina Morgan	\$100.00
Order of Eastern Star	Mina Morgan	300.00
Fairhaven Girls Club	Sandra Almeida	50.00

Letter of Commendation from Fairhaven School Committee	Stephen Entin	
Total Amount Scholarships		\$8,703.75

During the graduation program, the Class of 1965 presented to the school a portable television, and six flowering trees for the beautification of the High School grounds.

GUIDANCE

Fairhaven High School graduates continue to seek opportunities for further training. In 1960 forty per cent of the graduating class pursued programs of advanced education. Fifty-nine per cent of the class of 1965 enrolled in advanced study. In total number of students pursuing programs beyond high school this is an increase of fifty per cent. Many of these students are enrolled in programs of less than four years. The length of the programs and training meet the needs and qualifications of the persons and their chosen vocations.

Fairhaven High School students again participated in National Merit Scholarship competition. Wayne Cardoza, son of Mr. and Mrs. Paul A. Cardoza, of 7 Elm Avenue, is a National Merit semi-finalist. Finalists will be announced in the spring of 1966. Margaret Carpenter, Jane A. Hiller, Barbara Kszystyniak and Patrick A. Lang are commended students under the National Merit Scholarship Program. The semifinalists and recommended students constitute less than two per cent of all secondary school seniors and less than seven per cent of the students who took the 1965 M.M.S.Q.T.

BUSINESS DEPARTMENT

The Business Department has been gratified to learn through questionnaire, personal interviews with former students, and members of the business community of the success of Fairhaven High School Business Department graduates in employment and post-secondary schools. Ten members of the class of 1965 are attending junior colleges or advanced schools of business.

Three students: Linda J. Robert, Russell Macedo, and George D. Mello brought honor to the school by each scoring 100% in the AMS Arithmetic Program Test.

Courses of study in the department are continually being evaluated to see if the school is meeting the needs of business. The most recent addition is the inclusion of a unit on Automatic Data Processing in the Office Practice program of study.

DEPARTMENT OF SOCIAL STUDIES

The Social Studies Department is continuing the development of courses for students with reading problems. The results of these programs have been excellent. Most students have shown a pronounced improvement in reading comprehension. The department has also prepared a long range plan for the improvement of history instruction. This plan will enable us to obtain funds under the National Defense Education Act for better instruction and more materials. There is continuing experiment with new methods of subject presentation. Particularly successful this year has been the increased use of supplementary reading and enrichment materials. Overhead projectors have proved a very valuable tool in class presentation.

DEPARTMENT OF FOREIGN LANGUAGES

The Foreign Language Department has established a sequential six-year program in the French language stressing the audio-lingual method of instruction. Although a greater number of the classes are stressing listening comprehension and speaking skills as opposed to the grammar-translation approach, the traditional French courses are available, to those who, for varying reasons, may profit more from this type of instruction.

A twenty-four position temporary language laboratory has been installed to procure increased proficiency. Special tapes and films with French dialogue are in use that the students may better understand the culture and language being studied.

DEPARTMENT OF ENGLISH

In the English Department continued efforts have been made to coordinate further the English training of the Junior High with that of the Senior High School. Courses of study in both schools have been written with coordination as a distinct objective, and these courses are being continually revised and brought into useful focus as the programs of the two schools.

In addition to the usual separate departmental meetings held for English staff in each school, joint meetings are now attended where faculty of both schools meet in stimulating consideration of common problems. All English instructors thus become familiar with cause and effect criteria, and learn of the attitudes, goals and requirements of those who instruct before and after them. Understanding of such matters must result in more effective instruction and more sympathetic comprehension of student problems.

DEPARTMENT OF HOMEMAKING

The Homemaking Program has taken a great step forward during the past year largely because of the acquisition of a well-organized kitchen facility providing working stations for twenty students. Cooking and sewing, formerly taught very much as theoretical subjects, are now receiving practical treatment and application.

DEPARTMENT OF PHYSICAL EDUCATION

Physical Education periods at the high school are required for all students twice weekly except for seniors who meet once a week. Physical fitness tests are administered twice a year, and the program is evaluated. Group games, competitive sports, gymnastics and physical exercises are part of the program.

Our athletic teams have competed in the Bristol County League in football, baseball, basketball, tennis and track. Our track team was the undefeated Bristol County leader. Our girls participated in the league in basketball and volleyball. Starting next year, the high school will be a member of a newly formulated league in all sports.

DEPARTMENT OF SCIENCE

The science program at the High School continues to provide diverse courses of high quality to satisfy the science education needs of all students. By virtue of our three well-equipped laboratories and under the guidance of a proficient staff, the students are obtaining extensive laboratory experience. The High School staff, together with the staff from the Junior High, is continuing to evaluate and implement the curriculum to assure a coordinated and challenging science program.

DEPARTMENT OF MATHEMATICS

The most significant change that has taken place in the Mathematics Department is the retirement of its chairman Mr. Robert C. Lawton, after thirty-seven years of dedicated service. Mr. Lawton was responsible for the very early introduction of modern Mathematics into the curriculum before textbooks containing the material were in print. It is the goal of the department to maintain the high standards of achievement in the future, that were achieved under leadership of Mr. Lawton.

Starting in September the General Mathematics program will be modernized by the addition of a new text written especially for students who do not intend to go beyond high school.

CURRICULUM

The curriculum problem faced by Fairhaven High School is shared by other schools throughout the country. It is difficult to meet the needs of all students in a complex and technical society. Emphasis must be placed on all levels of ability in developing a program of studies. Thus, a satisfactory program should give equal attention to the high-ability and the low-ability student without neglecting the average pupil.

The first step toward achieving such a program is the development of courses of study geared to the entire range of abilities. The task requires concerted, concentrated staff effort and can be accomplished best during summer vacation. It is therefore, recommended that consideration be given to providing funds for a full-time summer work shop in which selected staff members can develop materials for such a program.

In conclusion, I should like to commend the faculty and staff of the High School. Experienced and dedicated, they are an asset to the community. To them, to Mr. Harriman, and to the School Committee I express my gratitude for their support in undertakings that become more complex with each passing year.

Respectfully submitted,

CHARLES C. ENTWISTLE
Principal

REPORT OF THE JUNIOR HIGH SCHOOL PRINCIPAL

To the Superintendent of Schools:

I present herewith my eighth annual report as Principal of Fairhaven Junior High School.

In September, 1965, following a very satisfactory period with a new three-grade plan, 718 pupils in grades seven, eight and nine were enrolled with a faculty of thirty-six full-time and three part-time teachers.

The physical plant was adequate for the increased enrollment but classrooms are now reaching near capacity. If expansion in housing continues, there will be serious education problems in our school.

The size of groups for instruction increases each year. One additional teacher for 1965 relieved one class only because of increased enrollment in grade seven. The size of language-arts and shop classes needs immediate attention. In order to reduce group size for effective instruction and lessen danger in the shops, two more teachers are a necessity. Such a staff increase would also increase the probability of individualized scheduling in grade eight similar to the plan now in operation in grade nine.

Reading continues to be a major problem for serious study in the American junior high school. Miss Mangham, our specialist, in addition to remedial instruction, is helping subject teachers to develop reading skills within their areas. Through the efforts of Mrs. Knipe, Chairman of the English department and Miss Mangham, a new track in language-arts and reading for those with serious difficulties is being developed. With new staff, smaller classes would mean more effective instruction in these groups.

The completion of the school plant has contributed greatly to enrichment of curriculum.

a. The thirty-two station language laboratory is now in operation and offers opportunity at all grade levels to improve pronunciation of a foreign language.

b. The new auditorium is becoming a dynamic center of education. Large group instruction, audio-visual expansion, greater and more effective use of school talent, speakers, exhibits, demonstrations, and other types of instruction now in the planning stage - all have been made possible for many boys and girls because several activities may be in operation simultaneously. Aiming to project citizenship and patriotism into all teaching areas, the social studies department has found the varied approach made possible in this auditorium helps to hold the interest of youngsters.

Well-planned field trips are enriching the curriculum for students. Grade seven visits Plymouth, grade eight travels to Sturbridge Village and grade nine sees our state government at work in Boston. Smaller group trips include: the business classes to the Fairhaven National Bank, seventh grade history classes over the Moby Dick Trail, homemaking girls to a hairdressing establishment, geography pupils to a world affairs conference and music students to competitions and concerts. This year sixty English students in grade nine enjoyed a Shakespeare play in Lowell for the first time. This type of practical education is strongly recommended for junior high school pupils.

During the coming year our particular concern will be for better adjustment of the seventh grade pupils who move from the more or less self-contained sixth grade classroom into the busy life of a junior high school. Many of the faculty are concerned with this problem.

As in past years, it has been a great joy to participate in the activities of this fine school; to work with teachers who are honest and sincere in their desire for better education; and with the parents of our young people who, in the main, are supporting our program with understanding.

Respectfully submitted,

ELIZABETH I. HASTINGS

Principal

REPORT OF THE ELEMENTARY COORDINATOR

To the Superintendent of Schools, School Committee and the Citizens of Fairhaven: I submit my 8th annual report.

The improvement of instruction in elementary schools continues to be a matter of general concern, especially in the area of reading. Last spring Supt. Harriman sent out a bulletin to all principals, stating his concern and interest in evaluating the present reading program and asking principals to hold teachers' meetings within their various buildings to discuss their present program and submit recommendations for a long-term plan in upgrading their present reading instruction. The consensus of opinion from the elementary faculty was as follows:

1. To keep classroom enrollment at a minimum. Recommended not more than 25 pupils to a class.
2. Need of in-service programs to keep teachers informed of new methods, materials and research that are taking place in this ever-changing curriculum.
3. To look forward to kindergarten in order that pupils entering school will be more fully prepared for a formal first grade program.
4. Need of specialized teachers such as adjustment counselors, and teachers having knowledge and training in reading disabilities.
5. To explore and expand our present library program and employ a full time elementary librarian.
6. To continue to carry on with a basal reading program supplemented with more books and materials and to continue to carry this program into the junior high school, so that our basic skills are reviewed and extended.
7. Consider the possibilities of developing a curriculum materials center.

We have made several inroads in trying to solve some of these problems, namely:

1. We have striven to keep our classroom loads at a minimum. This has been helped by the building of a new elementary school, by careful screening of first grade pupils and attempting to place the less mature pupils in classes best suited for individualized teaching, namely, pre-primary classes. These classes have expanded to three this year.
2. My own personal comment, in looking forward to kindergartens, is a caution to consider carefully the type of room or building that is to be used so that there is adequate space to carry out a good sound educational program. In other words, if we are considering 25 children to attend a morning class and 25 to attend an afternoon class, they must have a room which is large enough to house the equipment as well as carry out a good kindergarten program and not one which would be a nursery program.
3. We have started an in-service program in reading, conducted by Dr. S. Elizabeth Campbell of Rhode Island College. Arrangements have been made for ten afternoons of released time to instruct and inform our teachers of new trends and materials and of methods of teaching and research. This is a type of program which must be expanded upon each year.
4. The field of specialized teachers is one area which we must explore and enlarge if we are to prevent and correct emotional problems, reading disabilities and problems that face the slow learner. These cases must be detected in the lower grades and corrected. Just as a house must be built on a firm foundation, so must education. This must start in the first years of a child's life - in the home, into the kindergarten and the first grade.

5. Our library program has grown over the years and we should be able to look with pride at our accomplishments. However, there is much to extend in this area with Title III playing such a vital part in this phase of education. We must seek every opportunity to be sure that Fairhaven children have the advantage of such a program. We continue to be indebted to PTA's for their generous support of funds for library books. We are also grateful to the parents who have given so freely of their time in order to make this program a success.
6. We are continuing to study basal textbooks. We have invited book publishers to have exhibits within our schools so that our teachers might have a first-hand opportunity to see what is new in the market. We have invited consultants to come in to discuss and give us overviews of the various new programs. Junior high personnel have been cordially invited to attend these meetings in order that they may understand what we, in the elementary schools, are attempting, and which must be continued in their programs.

We have tried to maintain and expand in all other phases of our curriculum. The wonders of the world unfold before our very eyes. Constant changes and challenges dazzle our senses. The universe is expanding and so is our knowledge about it. Patterns in teaching and trends in education seem to be changing overnight. We must adhere to certain principles and rules and yet remain flexible enough to explore the passing new materials and methods.

As educators we need to help our students discover the many wonders of the world and develop their capabilities and talents, especially in the elementary grades when enthusiasm and habits are begun. We need to carefully evaluate with wisdom and common sense all of these changes for we need to put each child on a solid basis to start his path of exploration that will prepare him for upper grades and higher education.

I wish to express my sincere appreciation to the Superintendent, School Committee, teachers and parents for their continued cooperation and interest.

HELEN R. PORTER

Elementary Coordinator

REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools:

I present herewith my twenty-third annual report as school nurse:

There have been the usual eye and ear examinations; all children in grades one through twelve were tested. Children, who were to enter school in September, had eye and ear tests in May. Diphtheria, whooping cough and tetanus immunization was given in October, November and December. These clinics are held under the auspices of the Board of Health with the School Nurses assisting. All high school seniors were x-rayed in October.

In September Mrs. Agnes Davis was appointed full-time attendance officer. This has been of great value to the school department and the school nurse, the former attendance officer.

May I again take this opportunity to thank Supt. Harriman and the School Committee for their help and understanding in the school nurses' program.

SUMMARY OF WORK OF MRS. KEITH AND MRS. DENNIE

Classroom Visits	402	Physicals by

1963	1897	839	2736
1964	2219	587	2806
1965	2229	559	2788

SCHOOL ENTRANCE

Each child applying for initial entrance in the first grade of the Fairhaven Public Schools, must be six years of age on or before September 1st of the year in which they plan to enter school if they wish to be assured of placement in public school classes. Pupils, who will be 5 years and nine months on September 1st, may apply for entrance on the basis of examination.

COMPULSORY SCHOOL AGE

All children must attend school between the ages of seven and sixteen years. Certain exceptions may be made by written permission of the Superintendent of Schools for children who have reached the age of fourteen and have completed the sixth grade.

EMPLOYMENT OF MINORS UNDER 18

Employment permits, sometimes called "school cards", are required for all persons under eighteen, who are employed in manufacturing, mechanical, and certain other establishments. These may be obtained at the office of the Superintendent of Schools, Administrative Center, 128 Washington Street, or at the Principal's Office in the Fairhaven High School. The minor must appear in person and present a birth certificate or other suitable evidence of age.

REGISTRATION OF MINORS October 1, 1965

AGE GROUP	5-7	7-16	Total
Boys	351	1402	1753
Girls	368	1289	1657

ELECTION & REGISTRATION

The annual Town Canvas was combined with the State Decennial Census which is taken every ten years, requiring an actual count of all persons living in Fairhaven. Tabulations of information gathered showed that as of January 1, 1965 the population of Fairhaven was 15,642.

Broken down by precincts the results were:

PERSONS 20 YEARS AND OVER

PRECINCTS	1	2	3	4	5	6	TOTALS
MALES	670	780	999	769	806	633	4657
FEMALES	828	760	1080	882	879	660	5089
TOTALS	1498	1540	2079	1651	1685	1293	9746

PERSONS UNDER 20 YEARS OF AGE

	796	1041	1200	1026	963	870	5896
TOTALS	2294	2581	3279	2677	2648	2163	15,642

The voting list at the time of the Town Election, February 1, 1965 contained the names of 8,173 voters which broken down by Precincts and Party Enrollment was as follows:

PRECINCTS	DEMOCRATS	REPUBLICANS	UNENROLLED	TOTALS
1	304	559	467	1330
2	365	506	526	1397
3	942	175	586	1703
4	516	341	501	1358
5	524	261	563	1348
6	405	191	441	1037
<hr/>				
TOTALS	3056	2033	3084	8173

The total ballots cast at the Town Election - 4,423 - 54.1% of the registered voters of the Town of Fairhaven, and tabulated by precincts: Precinct 1 - 749, Precinct 2 - 737, Precinct 3 - 944, Precinct 4 - 741, Precinct 5 - 702, Precinct 6 - 550.

Board of Registrars

DELPHINE B. LANAGAN
Chairman

JOSEPH A. SALADINO
Clerk

DOROTHY S. KEARNS

ANSON W. PAINE

TOWN CLERK'S REPORT

A study of the births on record indicate that in 1955 there were 247 births and there was an increase during the next five years to 284 births in 1960. From then on, there was a decrease to 238 in 1964. This shows a decrease of 16% in the last four years. This coincides closely with the reports of our national decrease in the birth rate. However, the Viet-Nam war may be a factor in the reversal to an upward trend in 1965.

The total for Births, Marriages and Deaths recorded in 1965 are as follows:

Births 249	Marriages 183	Deaths 222
------------	---------------	------------

Your Town Clerk is custodian of the Town's books and records, such as street acceptances, jury list, surety bonds, insurance policies, town seal, chattel mortgages, tax liens, discharges, Massachusetts statutes, Town By-Laws and rules and regulations, contracts, town appointments, election expense reports, etc.

Various licenses are issued by this office: marriage, fish and game, auctioneer, junk collectors and dog.

The administration of elections is another function of your Town Clerk, which includes the preparation and printing of ballots, the supervision of election officials, the reporting of returns and the certification of the officials elected.

All of the Town's vital statistics should be recorded and filed in this office. Any person may secure a copy of any record to which he is legally entitled, by applying to this office.

I would like to take this opportunity to thank all those who gave me their splendid cooperation during my first year in office. To the Townspeople, I am grateful for having been given the opportunity to serve our town in this capacity.

Sincerely,

JOSEPH A. SALADINO
Town Clerk

ANNUAL TOWN MEETING

MARCH 13, 1965

Meeting called to order by Town Clerk, Joseph A. Saladino, at 1:00 p.m.

National Anthem was played.

The following Town Meeting members were present:

Precinct 1	56
2	54
3	54
4	57
5	45
6	40
Members-at-large	<u>18</u>
Total	324

Mr. Saladino welcomed Cadet Girl Scout Troop 187 under the supervision of Leaders, Mrs. Francis P. Delaney and Mrs. Robert E. Bernier. Also recognized were the twenty-two students from the Junior High School Student Council under the Supervision of Mr. James Hughes, who were in the balcony.

Invocation was given by Rev. John Brennan, Pastor of St. Joseph's Church.

The Town Clerk asked for a moment of silence in memory of our fellow citizen and town official, Victor O. B. Slater.

Mr. Saladino stated it was customary to introduce individuals, at which time, he introduced the pages and those seated on stage.

Mr. Saladino recognized Chairman of Selectmen, Mr. Holden, who then nominated Joseph A. Saladino, to serve as moderator pro tem. Seconded.

Voted: Unanimously.

Mr. Saladino stated the return of the warrant showed that it had been properly served, then recognized Mr. Silveira, who moved that the reading of the warrant and return of service thereof be omitted. Seconded.

Voted: Unanimously.

Mr. Lanagan moved that the Moderator be relieved from reading of each article in its entirety and that it be allowed to refer to the articles by number and title only. Seconded.

Voted: Unanimously.

Mr. Holden moved that the appropriations at town meeting be placed in the tax levy of 1965 unless otherwise specified. Seconded.

Voted: Unanimously.

Mr. Silveira moved that we recess the meeting until after the Special Town Meeting to elect a new Moderator. Seconded.

Voted: Unanimously.

Mr. Saladino called a recess and stated the Special Town Meeting scheduled for March 13, 1965 be called to order at 1:10 p.m.

Mr. Saladino stated that the return of the warrant of the Special Town Meeting showed it had been properly served.

Mr. Lanagan moved that the reading of the warrant and the return of service be omitted. Seconded.

Voted: Unanimously.

Mr. Saladino read Article 1 and stated nominations for Moderator were now open. The nominees were: Chester A. Hathaway, Atty. Guy Volterra and John L. Harrison.

Following the nominations, Mr. Saladino, explained the procedure to be followed by the town meeting members, in order to elect a Moderator by ballot.

Mr. Anson W. Paine, a member of the Board of Registrars, was asked to assist in the conducting of this election.

The Tellers named were:

James Murphy
Elizabeth Hastings
Joseph Bizzaro
Lynwood P. Harriman
George Graves
Lawrence Maxfield

The tellers distributed ballots and then the voters proceeded to the ballot box to deposit their ballots in person. Upon completion of voting, 2 sets of counters checked the ballots. (Counters: Mr. Murphy-Miss Hastings; Mr. Graves-Mr. Harriman.)

At 2:00 p.m. Mr. Saladino asked everyone to be seated and announced that 295 ballots had been cast and the vote was as follows:

Chester A. Hathaway	142
Atty. Guy Volterra	64
John Harrison	86
Blanks	3
	<u>295</u>

Mr. Saladino then swore in the Moderator, Chester A. Hathaway.

Mr. Saladino entertained a motion to adjourn the Special Town Meeting. Seconded.

Voted: Unanimously.

The recessed meeting was called to order by Moderator, Mr. Hathaway at 2:09 p.m.

Article 1 MEASURERS OF WOOD AND BARK

Mr. Holden moved the adoption of the article to instruct the Selectmen to appoint measurers of wood and bark.

Seconded.

Voted: Unanimously.

Article 81 HARBOR DREDGING

Mr. Holden moved the adoption of the article to assume liability in the manner provided by Section 29, Chapter 91 of the General Law as amended by Chapters 516 and 524, Acts of 1950, for all damages that may be incurred by work to be performed in the Acushnet River in the Town of Fairhaven. All work to be done in accordance with Section 11 of Chapter 91 of the General Laws, and authorize the Selectmen to execute and deliver a bond of indemnity therefor to the Commonwealth. Seconded.

Voted: The adoption of the article unanimously.

Article 82 TRACTOR - MOWER

Mr. Holden moved the appropriation of \$3,200.00 to purchase a Tractor-Mower for the Highway Department. Seconded.

Voted: The sum of \$3,200.00 unanimously.

Article 83 TRANSFER FROM EXCESS AND DEFICIENCY

Mr. Holden moved the appropriation of \$200,000.00 from the Excess and Deficiency for the reduction of the Tax Levy. Seconded.

Voted: The sum of \$200,000.00 unanimously.

Article 84 REPORTS OF COMMITTEES

REPORT OF THE WATER COMMITTEE 1965

Several meetings have been called during the year to review the information obtained relative to the establishment of a Water District.

More data is needed on the Fairhaven Water Company in order that the Committee can correctly evaluate the Financial future of a Water District for Fairhaven. The necessary information can be obtained from the State Board of Utilities at an estimated cost of \$700.00 we have been informed.

The Water Committee has moved as far as it can go on its own. Instruction from this Town Meeting is now called for, should this Town Meeting feel that it wishes to proceed with the establishment of a Water District with or without taking over the Water Company of Fairhaven, it should act on this matter.

Respectfully submitted,
/s/ Marinus Vander Pol
Marinus Vander Pol, Chairman

REPORT OF SCHOOL BUILDING COMMITTEE

This is a PROGRESS REPORT.

Both the Junior High School addition and the Leroy Wood Elementary School are 95% complete.

A major portion of the Junior High School Addition has been in use this year. We expect both the Junior High Addition and the Elementary School to be in full use September 1965.

/s/ Dr. Paul C. Sicard
Chairman of School Building Committee

A REPORT TO TOWN MEETING

BY THE REVALUATION COMMITTEE

On March 21, 1964 a committee of five was appointed by Town Meeting "to study property assessments in the Town of Fairhaven with a view towards possible reassessment or revaluation of properties and that the committee report to the next annual or special Town Meeting".

We the undersigned constituting this committee have had twelve meetings with the Board of Assessors and travelled to Abington to consult with the assessors there since real estate and land values in Abington had recently been revalued. We also had an open meeting with residents of Hamlet Homes.

We reviewed a cross section of different areas of the Town of Fairhaven where there were both new and older homes. We studied 500 pieces of property and compared the assessed valuation to the actual selling price or in cases where this was not available estimated current market value. We also studied land values and business establishments. We found inequities do exist.

Our study indicated that veterans and persons 70 years of age or over through State Legislation were getting special benefits. In 1964 - 70 and over exemptions amounted to \$70,000. and veteran's exemptions - \$36,000. Revaluation would possibly return to income \$45,000. of the \$70,000. and \$18,000. of the \$36,000. or a total of \$63,000. It is possible that some income might be lost in the area of utilities. This is difficult to determine, but might be compensated for by the gain from the 70 year and older and veteran's exemptions.

During the course of our study we found that property which had a history of turnover, (sales to the public) had been reassessed to current value. However, many properties had not changed hands, and in fact some because of continuation of family ownership through wills and estates had never changed hands and, therefore, had a very low valuation. This condition had existed for a long period of time, long before the present Board of Assessors took office.

Before too many years, we may be forced by the State to go to a full and fair value basis. Anything less violates a current law, enforcement of which has not yet been put into effect.

We consulted with a leading Company in the field of revaluation to give us some idea of cost since they had completely revalued the Massachusetts towns of Gill, Lexington, Mansfield, Amherst and Attleboro, and the City of Fall River on land only. They estimated the cost would be \$38,000. to \$40,000. This could be amortized over a two year period, or could be split in 24 monthly payments. They would do all the work even to furnishing the files and cards and make the appraisal on a house to house basis. They would also conduct hearings where some property owner felt he was unfairly treated in the appraisal. The assessors could overrule the revaluation appraisers and final recourse of the citizen would be with the appellate tax board.

It must be stressed that revaluation brings no additional tax revenue to the town. What it does is to equalize values. Not only must the value of one house be equalized against another but it must be valued equitably with each commercial property, industrial plant and each farm. In areas where properties have been revalued it is found that the following happens:- One third of the taxes decline, 1/3 stay the same and 1/3 increase.

The property revaluation committee is unanimous in its decision to recommend revaluation. We feel that we should incorporate in this report mention of the excellent co-operation we have received from the Fairhaven Board of Assessors who have spent considerable time in making their maps and records available and answering all questions in a complicated area where some of us were thoroughly uninitiated. Without their help the study would not have been possible.

The \$200.00 voted as an expense fund for the committee was not used and it is still intact.

The Committee was unanimous in its recommendation that revaluation should be done by an outside agency because of the objectivity which naturally comes from such an arrangement. We did not feel, therefore, the Board of Assessors should attempt to do the job.

In 1964 - 5,353 real estate bills were issued. These included lots of land and business as well as dwellings. There were 4,654 homes in Fairhaven in 1964.

Respectfully submitted,

George R. Graves, Daniel A. Mello, William J. Towers
Eli G. Braley, Jr. - Secretary
James A. McCarthy - Chairman

TOWN GOVERNMENT STUDY COMMITTEE

Board of Selectmen
Town Meeting Members
Fairhaven, Mass.

March 18, 1965

Gentlemen:

It is particularly gratifying to this committee that there is now an indication, as evidenced by the proceedings at the first session of the Town Meeting, that interest in the preparation of providing for an executive director of Town business under the Selectmen indicates further study and consideration of such a move be pursued.

During the past year this committee has had to concentrate on determining, by the slow process of elimination exactly what basic principal is the most valuable in contributing toward a sound and highly perfected form of Town management.

In view of the fact that this committee has operated on only 20% of the funds appropriated, would indicate that further pursuit of this study can be continued at no further expense to the taxpayers.

Furthermore, the record of attendance at Town meetings clearly indicates that a reduction in the number of elected Town Meeting Members is a prime requisite for the development of a higher interest in formulating the progress of Fairhaven.

Respectfully submitted,

Town Government Study Committee
Stuart B. Garland, Chairman
William H. H. Manchester, Jr.
Louise M. Ross
Nicholas F. Tangney

REPORT OF SANITARY REFUSE DISPOSAL COMMITTEE

March 20, 1965

This committee has devoted well over 150 man hours to serve the Town in search for the proper site for refuse disposal. On Dec. 10, 1964, after considerable debate, this committee voted, 5 for 1 against, to recommend the extension of the present dump, to the north. This is strictly a temporary solution. The committee feels this area should satisfy the needs of the Town for about two years.

Whereas the State Laws give jurisdiction of locating dumps and disposal areas to the local Board of Health, this committee asks to be discharged.

We have some very definite suggestions regarding refuse disposal and would be pleased to assist the Board of Health. However, as previously stated, we, as a committee have no legal place in picking a site, and therefor ask to be discharged.

Respectfully submitted,
Sanitary Refuse Disposal Committee

Joseph Mello, Vice-Chairman
Chester Hathaway, Clerk
John Harrison
Manuel Brown
Richard Swift
Frank Bettencourt

It must be noted that Noel B. Couture is Chairman of this committee. However, at the time of drawing up this report, Mr. Couture is out of town on an extended vacation and is not available.

REPORT OF THE CONSERVATION COMMITTEE 1965

This Committee is now active. Seven Members have been appointed to serve terms ranging from one to three years, new appointments to be made when terms expire. Three Associate Members have also been appointed.

Among its activities it listed the following: To protect low and wet lands, uplands and woodlands against spoilage. To protect the character of these lands in the areas where they are located. To acquire and develop such lands as become available through gifts, tax titles, land banks and such other means as may become advisable and feasible for the benefit of the town.

To cooperate with conservation departments of State and Federal governments for the purpose of developing Recreational areas, forest areas, water areas and such other projects as may be presented to the town from time to time, on which the town will have the opportunity to express its wishes.

This committee expects to present articles to the town meeting from time to time to put this program into effect.

Respectfully submitted,

Marinus Vander Pol, Chairman

FAIRHAVEN COMBINED CENTRAL FIRE AND POLICE
STATION BUILDING COMMITTEE

This Committee having been appointed at a special town meeting, October 1, 1960 for the purpose of selecting a site and erecting a building for a combined central police and fire station, now feel that it has fulfilled its duties.

The land has been purchased and a building completed. The amount of money voted at the adjourned town meeting held March 16, 1963 was \$200,000. for the building and equipment. Although this amount did not seem sufficient to meet the estimated cost, this Committee proceeded and with a few exceptions such as landscaping, black-topping, and other minor details concluded the work and left a balance in the fund of \$16.88.

Louis T. Brock, Chairman
Armand A. Guilmette, Clerk
Frank Rogers, Fire Chief
Manuel A. Olivera, Police Chief
George A. Bunnell, Jr.
Richard H. Carpenter
Wendell T. Eldredge
Walter P. Jachna
Walter Silveira, Selectman
Antone Tavares

A motion was made to adjourn the meeting.

Seconded.

Meeting adjourned at 6:20 p.m.

Respectfully submitted,

JOSEPH A. SALADINO
Town Clerk

IN MEMORIAM

FRANK ROGERS

Born in New Bedford in 1907

Died in Fairhaven on May 18, 1965

Fairhaven's Fire Chief Frank Rogers was born in New Bedford, but his family moved to Fairhaven when he was three years old and spent the rest of his life in the town. He attended Rogers School and after the death of his father, he began working at the early age of 9. At 16, he went to work at the Atlas Tack Corporation.

Chief Rogers was appointed a call firefighter when he was 21, and in 1929 he was named a member of Hose 2 Company. In 1933 he was transferred to Engine 2 and was appointed lieutenant the following year.

He was appointed to permanent duty in 1941, and became a full-time firefighter in 1945. In 1946 he was named house captain.

He became Chief of the Fire Department in July 1949, three months after the death of Chief Edward G. Spooner.

Shortly after his appointment, the Fire Department scrapped its 40-year-old fire alarm signal board, replacing it with \$7,000. worth of equipment geared to the growth of the town. Later he saw the construction of the town's modern fire-police headquarters.

In September 1949 he was feted by friends at a banquet at the old Fort Phoenix Pavilion. He was twice honored in the Hats-Off Column of the Standard-Times.

Chief Rogers was a member of the Fairhaven Lions Club, Sconticut Tribe of Redmen, the International Municipal Signal Association, the Massachusetts and New England Fire Chiefs Associations, The Fairhaven-Improvement Association, the Fairhaven Firefighters Association, the Bristol County Forest Wardens Association, Fairhaven Civil Defense and the Fairhaven Salt Water Fishing Club.

IN MEMORIAM

ALVIN J. KEEN

Born in New Bedford
June 4, 1905

Died in Fairhaven
July 1, 1965

Alvin J. Keen served as a member of our Police Department from 1930 until the time of his death.

Mr. Keen was a patrolman until 1954 when the department went under Civil Service and his job was classified as civilian clerk.

He set up a filing system second to none and served not only as clerk, but dispatcher, and unofficial legal adviser in the department. Whenever any patrolman had a question of law, he came to Alvin for answers.

Mr. Keen saw many changes of administration in his 35 years as clerk. He served under five different chiefs.

Graduate of Bryant College, Providence, R. I.

Member of the Centre Methodist Church.

Member of the Fairhaven Police Association.

Member of the New Bedford Loyal Order of Moose.
